## ***Agreement for Sale of Cat or Kitten***

*Sheracoons Maine Coons will not sell a kitten without a contract agreement being signed and agreed to by the Buyer. Please read the sales contract before you decide you would like to take one of our kittens home or make a deposit on a current or future kitten. Taking care of a kitten is a **big** responsibility. We will always be available to give advice with what it will require and some needs the kitten has that you may, or may not have, considered. We are very much committed to making sure our fur babies will receive the proper care and love they deserve.*

*This Maine Coon cat/kitten is being sold as PET ONLY to the approved Buyer ONLY. Ownership is not to be transferred to any other person without prior approval from Sheracoons Maine Coons, who must be given first right to rehome the cat/kitten. Please understand that although I do my best to try and guarantee a color from a specific litter, sometimes that is not always the case and you may have to wait for another litter until you find the kitten of your dreams. I also cannot guarantee size nor temperament but my kitties have absolutely wonderful temperments and so far I have heard nothing but positive things of their offspring. Size depends on many varying factors and it is my best guess as to what the size of your kitten may be due to how much their parents weigh and previous offspring.*

### **The Buyer agrees to the following:**

- *The cat will not be denied necessary medical attention. If the owner is unsure whether or not the animal is in need of medical services, a vet will be contacted, the situation will be explained, and the vet's advice will be acted upon.*
- *The cat will not be allowed outside. Contact with outside cats or unvetted indoor cats will void the health guarantee. Unvetted cats can carry diseases that are not treatable and you wouldn't want to lose your beloved Maine Coon! Outdoors cats or allowing the kitten*

# *Sheracoons Maine Coons*

*outdoors before it has been fully vaccinated exposes them to panleukopenia, a deadly virus for which there is no treatment.*

- The cat will not be declawed, as this is an inhumane and unnecessary act. Cats can be taught not to claw furniture.*
- The cat will receive frequent and kind human attention and not be neglected or mistreated. Maine Coons love attention!*
- If for any reason, other than the animal's health, you cannot retain ownership of the cat/kitten, the Breeder will be contacted to be given the first right to rehoming the cat/kitten. If breeder finds out kitten has been sold or rehomed without first being offered to the breeder a fine of \$2500 will be due the breeder within 30 days.*
- If the kitten/cat is returned to the breeder, the breeder will make every effort to refund the buyer's money minus the \$425 non refundable deposit, and any vet costs the breeder may incur after the kitten/cat comes back. The price will be adjusted according to the kitten's age and sellability. This will be at a pro rated price and not at the price the buyer paid for the kitten/cat originally.*
- No cat/kitten from this cattery may be sold or given to an animal shelter, a pet store, abandoned, or given to a laboratory!!*
- Kittens and cats purchased from Sheracoons Maine Coons are expected to be altered at 7 to 9 months (or earlier) for females, and 8 to 11 months (or earlier) for males at the expense of the Buyer.*
  - At NO time are any Sheracoons Maine Coon kittens to be used for breeding without express written/registered consent of Sheracoons Maine Coons. If we find that any cats or kittens have been sold, or are intentionally, or unintentionally, being bred, the Buyer of said animal will pay the full breeding right fee according to that specific litter, and then again for each time breeding occurs. The fees are as following: \$2000 for each breeding, plus \$1500 for each kitten born, whether they are full blood or mixed. Sheracoons Maine Coons retains the rights to take legal action to receive these fees if not paid in full within 30 days of finding a cat or kitten has been sold or bred. All legal fees will be at the expense of the Buyer of the kitten or cat purchased from Sheracoons Maine Coons.*
  - Registration Papers will be given upon proof of neutering or spaying of the kitten by a licensed veterinarian.*

# *Sheracoons Maine Coons*

*To the best of our knowledge, our kittens are free of genetic defects at the time of sale and copies of the veterinary records/shots will be sent home with the Buyer. Parents are tested for HCM, SMA, PK Def, PKD, FELV/FIV*

*Vaccinations: If the cat is exposed to cats who are being shown, and/or cats new to the household, we recommend it be vaccinated with a booster vaccine at six-month intervals. Cats who are not exposed to at-risk cats may otherwise be vaccinated yearly. We strongly recommend you do not let your kitten associate with any outdoor cats or unvetted indoor cats. Cats can easily transmit the very common coronavirus (similar to the human cold) and in some 5% of cats, this virus can mutate into FIP, which is currently incurable. We have every visitor wash their hands before interacting with our cats for the cat's and kitten's safety. We recommend giving only the core vaccines which are the FVRCP and rabies vaccines and spacing out vaccines, not giving more than 1 vaccine at a time as this can be a lot on your kitten or cats immune system and cause a vaccine reaction. We do not recommend the Feline Lukemia vaccine as there have been known to be severe side effects with it.*

*Health Guarantee: Our health guarantee covers viral and bacterial diseases for **3 days** after Buyer receives the kitten. In order to qualify for this guarantee, the kitten **must be** examined by a licensed veterinarian within **72 hours after delivery or pick up** (except Sundays and holidays). If during this time your cat/kitten seems ill, it should be examined by your veterinarian. If the vet feels that the animal is ill and that the illness was present prior to sale, the Breeder should be contacted at once, before any major treatment has begun (except in emergency situations). The Breeder will not reimburse for any vet care. No refunds of any kind are given. All veterinarian fees are the sole responsibility of the buyer. In case of illness, the Breeder must be notified immediately by phone, or this guarantee is null and void. The kitten is guaranteed free from life threatening genetic defects for 1 year from date of sale. A statement from a veterinarian is required for proof of any serious genetic issues. The guarantee will be free replacement of a similar kitten.*

*Buyer agrees not to board kitten until kitten has completed series of core vaccines which include FVRCP and rabies vaccines. If kitten has been boarded before vaccines have been completed contract is voided.*

*Kittens may stress with the change of location, diet, etc. This could consist of sneezing, runny eyes, nose or possible diarrhea. This is not serious and should go away in a few days on its own. During the initial adjustment period kittens do best when confined to a quiet room with carrier, food/ water, & litter box easily accessible.*

*Gender determination of kittens can be difficult and mistaken at times. Seller is not responsible if the gender determination of kitten is incorrect.*

*Seller assumes no responsibility for this cat/kitten after it leaves the premises, and it then becomes the Buyers responsibility for all veterinary care, medical expenses, landlord disapproval, family disagreement, mortality, animal allergies, coccidiosis, internal and external parasites, fungus, or any other reason not specified in this document.*

*To the best of Seller's knowledge, Buyer is receiving a healthy cat/kitten free from any serious genetic deficiencies. Since cat/kitten is a living animal, Breeder cannot guarantee a lifetime of health for this animal, nor that it will not contract some form of illness, fungus, virus, or parasites at some point in its lifetime. Therefore this cat/kitten is being sold "as is".*

# ***Sheracoons Maine Coons***

Remaining balance owed to be paid in cash due at the time of pick-up, (with the exception of pet nanny deliveries) or unless otherwise specified. ❖ Prior to the delivery of kitten/cat, Seller reserves the right, at any time and for any reason, to terminate or modify this contract. If Seller terminates sale, deposit will be refunded.

If for any reason Buyer does not take possession of cat/kitten by specified pick up date, ceases to reciprocate Seller's communication attempts, or becomes unreachable by Seller, the Seller reserves the right to sell cat/kitten to another approved home and no monies will be refunded

**Non Disparagement Agreement. No Negative Postings.** (I have never had a dissatisfied kitten owner – but just in case, we include this provision). I understand that if I have an issue or concern regarding my kitten, Sheracoons, , Lisa Baron, or in any way related to this contract or my purchase of a kitten, *my remedies are limited to binding arbitration*, as set forth above. I agree that *under no circumstances* will I utilize the internet, any form of social media, any written advertising, or speak to anyone, other than an arbitrator, my lawyer, or my vet, to express such concerns. I understand that the negative impact of such written statements, even if true, cannot be measured, and therefore agree to liquidated damages in the amount of \$500 per day for each day such negative statements posted by me or at my direction remain public. To be clear, I will never post any negative information (even if true) regarding my kitten, Sheracoons, Lisa Baron, or any matter related to this Contract.

*I will sign the contract/agreement when you either pick up the kitten or pay off the full amount due, which ensures the signing over of the rights of your kitten to you and confirming payment was made. Kitten may be paid for in full at any time and may go home at 12-14 weeks of age at my discretion.*

*Kittens are extremely susceptible to many serious viruses and can become very ill and It is for these reasons we state in or contract that you do not allow your kitten or cat outside except when transporting to the vet or else we cannot be held liable or responsible should they contract anything after leaving our cattery and this will void our health and genetic guarantee. Additionally, should you allow the exposure of other diseased cats this will also void our health guarantee as well.*

*Kittens are 1800. Shaded kittens are \$2500 Retired Adults are \$700.00 They are sold as pet only and registered as such with TICA. Deposits are \$425. Deposits for retired adults are \$250.00*

## ***Buyer's Information***

**Buyer:** \_\_\_\_\_

# Sheracoons Maine Coons
